NOTES OF THANKS

We would like to take this opportunity to extend our thanks to Rich-OPI, Les-JAJ, Al-JLX and John-OTC for their help and support with the installation of our tower. Thank you

Deb and Steve VE3KRI/KRH

Thanks go out to Pat-PHU, Ed-KRP and John-OTC for their help in getting the December Hi-Q out and thanks to John - OTC for his help in the January 1988 issue.

Rich & Steve - Co-Editors Hi-Q

MINUTES OF JANUARY 14, 1988 GENERAL MEETING

Meeting was called to order at 7:37 P.M.

- correspondence was read.
- financial statement not available
- in regards to the letter from the D.O.C., the following motion was arrived at by OTZ. To publish a notice addressing concern for the image of amateur radio. And a letter to be sent to the D.O.C. to notify them that we are dealing with the misuse of amateur frequencies and remind them that individuals are ultimately responsible for the operation of their stations.
- seconded by OTC
- carried by a vast majority.

OLD BUSINESS

- link for autopatch for YQT is being worked on.
 - looking at receivers for TBR
 - UHF receiver is up and operating on YQT
 - communications for the 500 K snowmobile are worked out.
 - dinner and dance at Star Hall. Tickets available \$15.00 each.
- Contact almost any member of the executive.
- a pair of 2 drawer filing cabinets have been purchased.
 - SNW will make schedule for opening the club station. In the interim, if you want in, get in touch with Ed-VE3SNW.

NEW BUSINESS

- looking at a swap-night at the March meeting. Bring your junk, yes, the same stuff you took home last year.

- motion to adjourn by XT
- seconded by CAP
- carried at 9:10 P.M.

LETTER OF INFORMATION --- TO ALL LAKEHEAD AMATEUR RADIO OPERATORS

As you may have heard by now there are a couple of new Repeaters in town. However, the repeater I am going to inform you of is the one that I purchased.

The repeater is a Mark IV with full capabilities. It has phone patch with all the other functions. The only hold up is the T.B. Telephone dispute which is supposed to have the phone line installed February 1, 1988. This, of course, is a private repeater and will be code accessible only. There will be a charge to operate it and those who pay will get the codes to most of the functions.

This is in no way intended to divide the club and anyone who wishes to use it under the terms mentioned above will be welcome. Also one should note, it is not a club but a private venture. Those of you who choose to use this new repeater, I look forward to chatting with you and expect us all to be professional operators we are. Those who choose not to use this repeater, I will see you on the others. Hoping that this will inform everyone about this repeater, I take this opportunity to thank you all in advance.

Fraternally

VE3OTI - John McInnes

NOTICE

NOTICE

The Annual Dinner Dance this year will be held February 20, 1988 at the Star Hall, 1611 Mountdale Ave with Symposium 6:30 P.M. and Dinner at 7:00 P.M. with a cost of \$15.00 per person. This years dinner is a buffet as it usually is. The cost of the tickets have been increased from last years as the club lost money last year. \$15.00/person should be a break-even figure and is still quite reasonable for a buffet and dance. The dance will be tape music. There will be prizes to be given at the dinner/dance. Please be informed that we encourage all members to bring a guest couple. For further info. call Glen VE3JAU 767-4612 or Ed VE3SNW 622-1216

Have you heard/heard of VE9AAD, VE9FKJ, GC, MAC, or ZZ? Probably not unless you've been in Southern Ontario or on the lakes and active with your scanner or v/uhf receiver. No they're not contest or experimental calls or from a new call sign area on Pelee Is. They're mostly business calls gleaned from hobbyist radio monitoring publications.* Many correspond to use of certain frequencies by companies that obviously utilize other frequencies and callsigns. As well many correspond to so called "Low Power Unit" or LPU frequencies. Here's a short listing;

<u>ICS</u>	<u>WHO</u>		<u>WHERE</u>	<u>MHZ</u>
VE9AAD	CNR	Hump	TORONTO	160-162
& AD	Rail yard	Maintenance		
	Police	Dispatchers		
	Trucking			460-461
VE9AI	Awrey's Radio Service		HAMILTON	30.58
	Kenneth Awrey			154.49
VE9BJ	Canadian General Electric		TORONTO	460.95
				460.XX
				465.95
VE9DV	Norm Harris		STREETVILLE	30.58
				49.94
				154.49
				460.95
				465.95
VE9FKJ	CP Ltd.		TORONTO	853.XX
VE9FQ	Bell Canada		TORONTO	43.42
VE9GC	Decca Radar of Canada			156.00
	NB This freq is 25 khz below ch. 01 marine vhf svc.			
	which is the spacing for that svc.			
VE9HY	Ont Dept of Education		SCARBOROUGH	154.49
VE9LDM	De Vry Institute of Toronto			154.49
VE9LLH	Valcom Ltd.		GUELPH	30.00
VE9LLQ	Canadian Motorola		TORONTO	809.0125
				854.0125
VE9LMO	Interaviation Wholesale		MISSISSAUGA	460.XX
VE9MAC?	Canadian Electronics		TORONTO	30.58
				154.49
				460.95
				465.95
VE9MAC?	MacDonalds Drive Through		TORONTO	30.58
VE9MBH	Multitone Electronics		TORONTO	30.58
				154.49
VE9MM	General Instrument		TORONTO	154.49

(cont'd on next page)

<u>ICS</u>	<u>WHO</u>	<u>WHERE</u>	<u>MHZ</u>
VE9QF	University of Guelph		27.58 27.60 27.64 27.68 27.70 150.85
VE9TC	Canadian Motorola	TORONTO	460.95 465.95
VE9WM	Bell Canada	TORONTO	154.49 460.95
VE9ZZ	Toronto Stock Exchange		43.50

Some LPU freqs for Canada:

151.055/.070/.085/.100/.115/.580/.625
 154.49/.57
 172.29/.47/.50/.59/.92/.98
 454.2000/.2250
 459.2000/.2250
 469.4250

While I can't find my notes from last years ice racing, due to my recent move, I believe that some of these LPU or itinerant frequencies as they are sometimes known in this U.S. were used by a few of the visiting teams. As well, locally, look for Big Thunder Ski Area and Jump operations on 151.085 (CN 2).
